- Letter to the Editor

Woburn Nursing Home efforts are appreciated

To the Editor:

We would like to take this opportunity to thank the entire staff of the Woburn Nursing Center.

Starting with the very first day in May of 2007, Paul Sawyer was treated with the greatest amount of care, compassion, respect and dignity.

Throughout the entire time at this wonderful facility, we were all treated with such incredible kindness and professionalism.

There was never a day where any of us worried about the way Paul was being treated.

We were all comforted knowing that he was in the very best hands possible.

The employees of Woburn Nursing Center are quite simply a credit to their professions. What an awesome responsibility it is to provide the necessary care for someone in a nursing home.

Everybody there does an amazing job, allowing for the best quality of life possible for all of the residents and their families.

We will be forever grateful that this wonderful and amazing group of dedicated people came into our lives and for the way that they treated our entire family while we were there.

We do not know what we would have done without all of them.

Sincerely,
The family of Paul E. Sawyer
